### Assignment 3 Critique

You have been assigned to critique **one (1)** of your peers' proposals.

Once you've read your classmate's proposal, post a short critique as a reply to their posting. Your critique should address the following:

- Does the proposal meet requirements 1-5?
- Do you foresee any problems? For example, does it seem like too much work, or technically too challenging?
- Is there anything confusing or not clear in the proposal?

You can also give any other suggestions or comments that you feel will help them with their project.

Your critique is to be posted as a reply to your classmate's proposal in the IVLE forum by **Friday, 6 April 23:59pm**.

**Note:** if the person you have been assigned to does not submit a proposal by the stated deadline, contact me and I'll assign you to someone else.
